6+ years shaping consumer experiences across e-commerce and retail with a focus on driving acquisition, activation, retention, and product growth.

Work Experience

Chewy

Senior Product Designer, Chewy Vet Care Feb 2026 – Present

- Owning design for end-to-end acquisition, activation, and retention journeys for Chewy Vet Care, spanning across pet portal, scheduling, landing pages, and multi-channel touch-points like SEO, marketing campaigns, email, push, and in-app.
- Launched metro/city landing pages, which led to **+4.2% scheduling conversion** and **improved page ranking** for short & long tail organic search queries.

Product Designer, Chewy Vet Care Jan 2025 – Jan 2026

- Led end-to-end consumer and enterprise experiences for Chewy Vet Care, including launching drop-off appointments for customers to self-schedule online, which has freed up **+2k slots monthly** for returning patients and driving **81% utilization rate of slots**.

Walmart

UX Designer III, Search & Discovery Jun 2023 – Dec 2024

- Led design for 1 of 5 generative AI design investments using LLMs that launched in 4 months from concept to production, resulting in **+2.62% lift** in add to carts and **+1.1% lift** in conversion.
- Collaborated closely with product to support the launch and onboarding UX of E2E strategy for our GenAI experiences on app featured in CES 2024.
- Responsible for typeahead roadmap and experiences on Walmart e-commerce and contributed to core search, item tile, and fashion roadmaps.

Nordstrom

UX Designer II, Fulfillment CX May 2022 – Dec 2022

- Led mid-large scaled fulfillment solutions, including the launch of the Stores tab on app that brought **+24k new and unique customers** using our services across Nordstrom and Nordstrom Rack in first month of launch.
- Defined and owned the short and long-term roadmap for omni-channel cx, working strategically and thoughtfully with product, engineering and other cross-functional teams.

UX Designer, Fulfillment & Returns Nov 2020 – May 2022

- Designed comprehensive solutions and influenced fulfillment and return initiatives that guided our customers across the purchase and post-purchase fulfillment funnel for Web, iOS, and Android app.
- Expanded customer control options for pickup order deadlines, resulting in **+11.1M top line revenue** for store pickups.

Best Buy

UX Design Intern, Mobile Apps Jun 2019 – Sep 2019

- Led several projects across the Support and Browse portfolio of the Best Buy app, resulting in **+8% appointments booked, 60% less negative reviews** around tech support awareness, and improving way-finding for browse journeys that led to **+4% conversion on app**.
