6+ years shaping consumer experiences across e-commerce and retail with a focus on driving acquisition, activation, retention, and product growth across web and app.

Work Experience

Chewy

Senior Product Designer, Chewy Vet Care Feb 2026 – Present

- Owning end-to-end design strategy for acquisition, activation, and retention for Chewy Vet Care. Key surfaces include pet portal, scheduling, landing pages, post-appointment, and lifecycle touch-points (marketing campaigns, SEO, email, push, in-app).
- Launched metro/city landing pages to improve SEO and enable targeted marketing campaigns, driving **+4.2% first time scheduling conversion** lift and **improved organic search rankings** across short and long-tail queries for vet clinics.

Product Designer, Chewy Vet Care Jan 2025 – Jan 2026

- Led consumer and enterprise design for drop-off appointments – defining logistics, resourcing, and care team workflows to launch self-service online drop-off scheduling that unlocked **+2K monthly slots** and drove **81% drop-off utilization**.

Walmart

UX Designer III, Search & Discovery Jun 2023 – Dec 2024

- Owned all design strategy for **typeahead and filters** roadmap for Walmart e-commerce and contributed to core search, item tile, and fashion priorities.
- Launched a GenAI/LLM-powered comparison feature on Search within 4 months from concept to production, delivering **+2.62% add-to-cart lift** and **+1.1% conversion lift**.
- Shaped our end-to-end GenAI onboarding UX for Walmart's app experience, which was featured in CES 2024.

Nordstrom

UX Designer II, Fulfillment CX May 2022 – Dec 2022

- Launched Stores tab on the Nordstrom app, acquiring **+24K new customers using our alterations service** across Nordstrom and Nordstrom Rack within the first month.
- Defined and owned design strategy for omni-channel CX, designing across high visibility touch-points such as home page, browse, PDP, checkout, and accounts that drove **retention, conversion, and customer lifetime value.**

UX Designer, Fulfillment & Returns Nov 2020 – May 2022

- Drove end-to-end fulfillment and returns UX across Web, iOS, and Android, covering the **full purchase and post-purchase funnel**.
- Expanded customer control options for pickup order deadlines, resulting in **+11.1M top line revenue** for store pickups.

Best Buy

UX Design Intern, Mobile Apps Jun 2019 – Sep 2019

- Designed and launched several features across Support and Browse portfolios of the Best Buy app, driving **+8% appointments booked, 60% fewer negative tech support reviews, and +4% browse conversion.**

Skills and Processes

Strengths

iOS, Android, Web – Mobile, Tablet, Desktop

E-commerce, Retail, Fashion, Acquisition, Activation, Retention, Growth, A/B testing, GenAI and Agentic AI workflows

Tools

Figma/Make, Claude (Cowork, Code), ChatGPT, Cursor, FigJam, Protopie, Usertesting.com, Dscout, Jira, Confluence, Pen and Paper
